Upozorenje!

Nemojte na bilo koji način mijenjati dječju sigurnosnu sjedalicu Stardust jer to može utjecati na sigurnost djeteta tijekom korištenja.

Nikada ne stavljajte dječju sigurnosnu sjedalicu Stardust na uzdignutu površinu, npr. na stol ili stolicu.

Nemojte koristiti u položaju okrenutom unatrag u sjedećim položajima gdje je ugrađen aktivni prednji zračni jastuk.

Stardust dječja sigurnosna sjedalica treba biti ugrađena u automobil samo okrenuta suprotno od smjera vožnje.

Kruti predmeti i plastični dijelovi poboljšanog sustava dječjeg sigurnosnog osiguranja moraju biti locirani i ugrađeni tako da tijekom svakodnevne upotrebe ne mogu biti zarobljeni pokretnim sjedalom ili u vratima vozila.

Nisu dozvoljene bilo kakve izmjene ili dodaci na uređaju bez odobrenja proizvođača, te postoji opasnost od nepoštivanja uputa za ugradnju koje je dao proizvođač dječjih sigurnosnih sustava.

Za više informacija, molimo pogledajte priručnik proizvođača vozila.

Potpuno je zabranjeno raditi bilo kakve izmjene ili dodatke na uređaju bez odobrenja poizvođača.

Pažljivo slijedite upute za ugradnju koje daje proizvođač dječjih sigurnosnih sustava

Navlaka za poboljšani dječji sigurnosni sustav ne smije se zamijeniti nijednom drugom osim onom koju preporučuje proizvođaču, jer navlaka čini sastavni dio izvedbe sigurnosnog sustava

Osiguravajte da je svaki pojas za krilo pričvršćen nisko kako bi zdjelica bila čvrsto pričvršćena.
